Royale Chulan Kuala Lumpur

5 Jalan Conlay, Kuala Lumpur, 50450, Malaysia

<https://www.royalechulan-kualalumpur.com/>

ASEAN Cosmetics Association (ACA) aims to be the most trusted, leading cosmetics industry regional association in promoting consumer protection and enhancing industry competitiveness. As part of this mission, we are proud to bring the course above to further enhance the value of the cosmetic industry and strengthen the capability of our industry.

Who Should Attend?

- Responsible person in production, quality or R&D with minimum 5 years' working experience and technical / science background.
- From ASEAN companies and small-medium enterprise that commit to conduct further training session with local industry in their markets.
- Participant need to be endorsed by President of each country associations (FMM MCTIG, TCMA, CTFAS, CCIP, VOCA and PERKOSMI) to ensure commitment. Limited to five (5) participants per association.

Highlights of the Training

- Basic concepts: Risk = Hazard X Exposure
- Risk assessment principles
- How to apply risk assessment principles to evaluate safety of cosmetic products
- Safety assessment of rinse-off and leave-on cosmetic products by assessing relevant toxicological endpoints including inhalation safety.
- Safety assurance of trace chemicals and botanical/natural substances
- Exercise session on how to conduct a safety assessment for a cosmetic product

Commitment Fee:

USD 20 (International Participant)

RM 80.00 (Malaysian)
